PROFESSIONAL SUMMARY

Third-year Computers and Information student and junior Flutter developer with hands-on project experience building mobile applications. Skilled in Dart, BLoC/Cubit state management, REST API integration, local data persistence, Firebase, and maintainable application architecture.

TECHNICAL SKILLS

Flutter Development: Flutter, Dart, reusable widgets, responsive layouts, animations, Flutter ScreenUtil
State Management & Architecture: BLoC/Cubit, MVVM, Dependency Injection, OOP, SOLID
APIs & Data Storage: REST APIs, Dio, Firebase, Sqflite, SharedPreferences, Secure Storage
Navigation, Testing & Tools: GoRouter, Flutter Testing, Git, GitHub, Problem Solving

PROJECTS

Financi - Finance Application | Flutter, Dart, GoRouter, fl_chart
- Implemented finance app screens and interaction flows for authentication, dashboard metrics, cards, charts, and profile views.
- Built responsive layouts and integrated navigation and interactive components including charts and carousels.

Meals App - Local Data Application | Flutter, Dart, Sqflite, SharedPreferences
- Built a local-first meal management app with onboarding, forms, and detailed meal views.
- Implemented local data persistence with Sqflite and first-launch onboarding state with SharedPreferences.

News App - REST API Application | Flutter, Dart, REST APIs
- Integrated news API data to display headlines and support category browsing and search in English and Arabic.
- Implemented responsive screens and navigation for browsing news content.

E-commerce Application | Flutter, Dart, REST APIs
- Developed product browsing, product details, cart interactions, account screens, and saved-address flows.
- Integrated REST API data and used reusable Flutter components and animations to support app interactions.

Masiter - Business Management App | Flutter, Dart, Firebase, Firestore, Supabase
- Built product, inventory, invoice, customer, and receivables workflows for small businesses.
- Integrated Firebase Authentication/Firestore, Supabase Storage, and PDF invoice generation/printing.

EDUCATION

B.Sc. in Computers and Information (In Progress) | Third-Year Student
Beni Suef Private University | Grade: Very Good

TRAINING & CERTIFICATIONS

- ITI - Flutter Development Training (102 hours) (2026)
- The Complete Flutter & Dart: Basics to Advanced (2026)
- Flutter MVVM Workshop (2026)
- The Complete Flutter Development Guide (2025)
